Faculty:

Name : A.H.PRASAD

Designation : Lecturer in BOTANY

E-mail id : prasad.hdp123@gmail.com

Qualification : M.Sc.

HIGHLIGHTS OF THE DEPARTMENT

- To enrich the knowledge of the students in the subject and encouraging them by involving them in Seminars, elocution, Quiz competitions, Group Discussions, Student Projects, solving mathematical and logical puzzles, improving computer awareness, facilitating them with open access e-resources etc.
- The Department is encouraging the students by providing guidance to appear for various competitive examinations and common entrance tests for P.G. courses.
- Some of our Ex-students from our department were qualified in AUCET, Ed. CET, DIETCET, and many of our students trained under NCC have got jobs in Indian Army, Police Department and Railway Department.

Some of the achievements:

- The Department of botany is organizing Industrial and Study tours to enhance the communication and awareness skills among the students.
- The Department regularly conducting Students Seminars, Project Works, Assignments etc.
- The Department also encourages its students to participate in social awareness activities like rallies, blood donation camps, plastic prohibition programmes, red ribbon club and also encourages its students to join in NSS for social responsibility and better employability.

- The Department is also keen on informing the students about the latest technologies and facilities available for the students to build-up a better career.
- The Department constantly gives information to the students about future career and employment opportunities.

THE CURRICULUM

The syllabus was revised in the year 1993 and a Common Core Syllabus is introduced through-out the State of Andhra Pradesh. Recently the syllabus is further revised from 2020 and the Dr. B.R. Ambedkar University, Srikakulam consistently reviews the syllabus and issue necessary guidelines to all the affiliated colleges from time to time. The Department offers one elective subject in the final year degree course.

THE EVALUATION

The Department Conducts two midterm examinations, to assess the performance of the students. Marks obtained by the students are entered in the Departmental Marks Register. The Department also conducts Seminars, Quiz programs, Puzzle solving sessions in which the students actively participate and students are given some projects which help them in finding the open access e-resources and internet.

INDUSTRIAL VISITS AND STUDY TOURS

The Department organizes Industrial and Study tours to enable the students about the various opportunities and also to develop the enthusiasm about the technical advantages of nearby industries.
